Special Election Edition

Stewardship Group Elections: Read more.....

Feedback received so far from our community engagement and Information Events has suggested that each LINK will need a Stewardship Group to undertake some key tasks, such as establishing governance and making decisions.

By the end of September it is envisaged that the first group will be established. During October and November they will have training and support provided by Help and Care. This will enable them to represent the wider LINK in an open and transparent manner.

If you are interested in nominating yourself to be part of the Stewardship Group contact us and you will receive an application pack. Elections will take place in September and anyone who has registered an interest in LINKs will be eligible to vote. We will also be actively publicising the elections across Bournemouth, Poole and Dorset.

All application packs will be sent out on the same day in order to give every individual the same opportunity. These will be posted on 1st September.

** Included with this newsletter is the election poster. Please display this wherever possible – many thanks.*
