Special Election Edition

Stewardship Group Election: Read more.....

Feedback received so far from our community engagement and Information Events has suggested that the LINK will need a Stewardship Group to undertake the key tasks of establishing governance and making decisions.

By the end of September it is envisaged that the first group will be established. During October and November they will receive training and support. This will enable them to represent the wider LINK in an open and transparent manner.

If you are interested in nominating yourself to be part of the Stewardship Group, contact us and you will receive an application pack with further details. An election will take place in September and anyone who has registered an interest in the LINK will be eligible to vote. We will also be actively publicising the election across Torbay.

All application packs will be sent out on the same day in order to give everyone the same opportunity. These will be posted on 3rd September.

** Included with this newsletter is an election poster. Please display this wherever possible – many thanks.*
